Hosting Opportunity – High Performance Program

July 12, 2021

Baseball BC welcomes applications to host the following high-performance program events:

- 1) Female High-Performance Jamboree – Date TBA
- 2) Male High-Performance Jamboree – September 25-26

Please see Baseball BC's event announcement for further information on the male high-performance jamboree. The female high-performance jamboree will follow a similar structure with an announcement forthcoming.

Application Criteria:

- These events will be held in the Metro Vancouver Region.
- The female jamboree requires one field.
- The male jamboree may require a secondary field depending on participation. A location with a meeting space for umpire training would be considered an asset.

Responsibilities of a Hosting Association:

- Provide access to a field(s) for the full day of the event.
- Provide access to bases and all field preparation equipment. Athletes can assist in preparing and tearing down the field.

Associations or clubs interested in applying to host should complete the attached application form and submit it to Baseball BC's High-Performance Coordinator, Kyle Williams (kyle@baseball.bc.ca). The application deadline is July 25.
