

Baseball BC High-Performance Program

2025 Pathway Document

Introduction

The purpose of this document is to provide athletes, parents & guardians, and associations with a comprehensive summary of the Baseball BC high-performance program for the 2025 season. This includes explaining the high-performance pathways for each age division, event dates, selection processes, and camp locations.

The Baseball BC staff contact for high-performance is Kyle Williams (kyle@baseball.bc.ca).

Program Goals & Objectives

The goals and objectives of the Baseball BC high-performance program are:

- To create a fair and transparent process for selecting athletes to provincial teams.
- To provide athletes with high-level coaching at provincial camps and on provincial teams.
- To provide each provincial team athlete with a fun and rewarding event or tournament experience.
- To win a gold medal at the Canada Summer Games in the Open 17U & Girls 16U divisions.

Gender Definitions

Baseball BC is now using the word “open” to describe what has traditionally been the male high-performance program. Female athletes have always been welcomed in the male high-performance program. However, referring to the program as a “male” high-performance program was suggestive that the program was not open to everyone. The term “open” is meant to be inclusive of everyone, including female athletes, and those who do not identify as male or female.

The female high-performance program uses the term “Aces” as branding for its program.

Camp Overview

What is an Identification Camp?

Identification camps are three-hour events that are the entry-point to the high-performance program. Athletes receive a skills report card within a week of attending an identification camp. Due to capacity limits, athletes are only allowed to register for one identification camp.

There are three types of identification camps:

Zone Identification Camp – Open 14U & 15U

Regional Identification Camp – Open 16U & 17U

Aces Identification Camp – Female 14U to 19U

What is a Tryout Weekend?

A tryout weekend is a two-day event used for provincial team selection. No apparel is provided, and the focus is on athlete evaluation, as opposed to instruction. Athletes do not receive a report card at the end of a tryout weekend.

What is a Provincial Camp?

A provincial camp is an intensive three-day event used for provincial team selection. The camp combines both instruction from experienced coaches and athlete evaluation. Athletes will receive an extensive data-based report at the conclusion of a provincial camp.

Athlete Selection Criteria

The following criteria is used when determining camp and team selections within the high-performance program:

- Baseball skills *(see further details below)
- Intangibles including: leadership, hustle, teamwork, attitude, and effort
- Positional needs
- Previous history within the high-performance program
- Coach recommendations & references
- Club team performance

* Athletes are evaluated on specific skills, using a five-point rubric. The evaluation rubric can be found at this link: [Baseball BC HP Athlete Evaluation Rubric](#).

Age Divisions

The following table shows the birth and traditional grad year associated with each age division.

<u>Division</u>	<u>Birth Year</u>	<u>Traditional Grad Year</u>
Aces 19U	2006, 2007, 2008	2024, 2025, 2026
Aces 16U	2009, 2010	2027, 2028
Aces 14U	2011 (or later)	2029 (or later)

A 14U female athlete is eligible for selection to Aces Team BC 16U. However, given a date conflict in 2025, the athlete cannot play for both teams.

Any athlete born in 2011 or later is eligible for selection to the Aces Team BC 14U.

<u>Division</u>	<u>Birth Year</u>	<u>Traditional Grad Year</u>
Open 17U	2008 (or later)	2026 (or later)
Open 16U	2009	2027
Open 15U	2010	2028
Open 14U	2011	2029

An athlete born in 2008 or later is eligible for selection to the Open Team BC 17U. Should this occur, the athlete could play on two provincial teams.

Except for 17U, playing up is not permitted within the open high-performance program. Athletes will play in their own age division at the Summer Games and on Open Team BC 14U, 15U, and 16U. Athletes born in 2012 or later are not eligible to try out for the Summer Games or Open Team BC 14U.

Female athletes have an extra year of eligibility when playing in the open division.

Minimum Playing Time

The following minimum playing time standards shall apply to all athletes.

<u>Male Events</u>	<u>Minimum Playing Time</u>
Summer Games & Canada Cup	Pitchers – One outing Position players – One start.
Other Tournaments	Pitchers – One outing Position players – 25% of the defensive innings

<u>Female Events</u>	<u>Minimum Playing Time</u>
National Championships Western Canada Championships	Pitchers – One outing. Position players – One Start

An athlete who is both a pitcher and a position player, needs to only receive the minimum playing time requirement in one of those capacities, not both.

An outing is defined as 40 pitches.

Unfortunately, a pitcher scheduled to start a medal round game may not get an opportunity to pitch if the team does not qualify. This would not constitute a violation of this rule.

A position player start is defined as starting the game in a defensive position and being substituted no earlier than the 6th inning.

Players who are injured or disciplined may not receive their minimum playing time.

Automatic Exemptions – Identification Camps

The following automatic exemptions apply for identification camps:

- There are no automatic exemptions for Zone Identification Camps.
- Athletes who played on Team BC 15U in 2024 are exempt from attending a Regional Identification Camp and will receive an automatic invitation to the 2025 Selects Provincial Camp.
- Athletes who played on Team BC 16U in 2024 are exempt from attending a Regional Identification Camp and will receive an automatic invitation to the 2025 Selects Provincial Camp.
- Athletes who played on Aces Team BC 21U in 2024 are exempt from attending an Aces Identification Camp and will receive an automatic invitation to the Aces 19U tryout weekend.
- Athletes who played on Aces Team BC 16U in 2024, with a 2008 birth year, are exempt from attending an Aces Identification Camp and will receive an automatic invitation to the Aces 19U tryout weekend.
- Athletes who played on Aces Team BC 16U in 2024, with a 2009 or later birth year, are exempt from attending an Aces Identification Camp and will receive an automatic invitation to the Aces 16U tryout weekend.
- Athletes who attended the 'Canada Games Prep Winter Training' series are exempt from attending an Aces Identification Camp and will be evaluated based on their performance at those events and do not need to attend an Aces Identification Camp. An invitation to the 16U tryout weekend and/or Aces Provincial Camp is not automatic.

Unless exempted, attendance at these camps is mandatory and athletes cannot receive an invitation to the provincial camp if they do not attend.

Automatic Exemptions – Provincial Camps

The following automatic exemptions apply for provincial camps:

- Athletes currently participating in a Baseball Canada national team program

Unless exempted, attendance at these camps is mandatory events and athletes who do not attend these events **in their entirety** cannot be selected to Team BC.

Identification & Provincial Camp Exemptions Process – Special Circumstances

An athlete who is injured or has another special circumstance may receive an exemption from attending all or part of a required identification or provincial camp.

Examples of special circumstances may include, but are not limited to, bereavement, school exams, and previously scheduled/committed college events. Special circumstances do not include, without limitation, scheduling conflicts with other sports, family holidays, and social engagements.

When an athlete is exempted, their evaluation will be based on feedback from coaches and past performance within the high-performance program. Being exempted allows the athlete to progress to the next stage in the high-performance pathway, but such progression is not guaranteed.

Requests for camp exemptions, outside of emergencies during a camp, must be made prior to the beginning of the camp, by email to the Director of High-Performance Kyle Williams (kyle@baseball.bc.ca). Requests cannot be approved by coaches. A doctor's note or other supporting documentation may be required.

Open High-Performance Pathway (14U & 15U)

Introduction

Baseball BC will field open provincial teams at the 14U and 15U levels for the 2025 season. There are four steps to the high-performance pathway at this age. Each is explained in this document.

Step One: Zone Identification Camp

Step Two: Baseball BC Summer Games

Step Three: Prospects Provincial Camp

Step Four: Team BC 14U or Team BC 15U

Zone Identification Camps – Entry Point for 14U & 15U

The entry point begins with attendance at a Zone Identification Camp. Athletes must attend a camp in the zone in which they reside. Athletes may only attend one camp.

Use this link below to find your zone:

<https://staging.bcgames.org/games/zones/>

Athletes in Zones 1, 2, 7, and 8 are combined into a single zone.

Registration Process

Athletes must pre-register for these camps using the following link:

<https://baseball.bc.ca/highperformance>

Registration will open on **April 1, 2025**, and will be limited to 30 athletes per camp.

The cost to attend a Zone Identification Camp is \$50.

Exemptions: Zone Identification Camps are a required event on the HP pathway. Exemptions are issued for special circumstances only. See pages 6-7 of this document for details.

	Tuesday April 29	3:00-6:00 6:00-9:00	Lambrick Park, Victoria

The time of the May 28th camp in Penticton will be determined approximately two weeks prior to the camp after registration numbers are confirmed because we are hoping to run three different identification camps on the same evening.

Zone ID camps within Zone 1278 will be updated on the Baseball BC HP registration page as they are confirmed.

Baseball BC Summer Games

Baseball BC is continuing its 'odd year' version of the Baseball BC Summer Games in 2025. Every two years (even years 2022, 2024, etc.), the British Columbia Summer Games Society organizes a multi-sport Summer Games event. One of the challenges with this event is that athletes who are in the 14U age bracket in the year the event is held have a limited opportunity to participate because they are competing for roster spots against players who are a year older. Therefore, in 2023, Baseball BC created their own version of the Summer Games for the 'odd years' (2023, 2025, 2027, etc.) between the official BC Summer Games events. The Baseball BC version of the Summer Games looks different from the event organized by the BC Summer Games Society in even years. It is a single sport event, without the non-sports-related aspects of the Summer Games. Athletes will be responsible for their own travel, meals, and accommodations.

From a competition standpoint, the Lower Mainland will be split into three zones: Fraser Valley (Zone 3), Fraser River (Zone 4), and Vancouver-Coastal (Zone 5). The entire Vancouver Island forms Zone 6. The Kootenays (Zone 1), Thompson-Okanagan (Zone 2), North-West (Zone 7), and Cariboo-Northeast (Zone 8) are combined into a single zone known as Zone 1278. Each Zone will select a sixteen player 14U team and a sixteen player 15U team, which will create a five-team tournament in each age division. Each team will play four round robin games, and the top two teams will play in the finals. The 14U event will be played on an 80-foot diamond, while the 15U event will be played on a 90-foot diamond.

The Baseball BC Summer Games will be used to select athletes for the Prospects Camp. While it is not a required event on the high-performance pathway, participation is strongly recommended.

Roster Announcement Date: Friday May 30

Dates: June 20-22

Location: Fairfield Island, Chilliwack

Cost: \$300

Roster Size: 16 athletes

Prospects Provincial Camp

Baseball BC will invite 70 athletes to the Prospects Provincial Camp. These invites will be split evenly between the 14U and 15U age categories. The Prospects Provincial Camp is used to select athletes to Open Team BC 14U & 15U.

See page 2 for more information about provincial camps.

Roster Announcement Date: Monday June 30

Dates: August 9-11

Time: Saturday 2:00-8:00, Sunday 10:00-4:00, Monday 10:00-4:00

Cost: \$425

Exemptions: Provincial camps are a required event on the HP pathway. Exemptions are issued for special circumstances only. See page 6-7 of this document for details.

In addition to the exemptions listed, Baseball BC is aware that this camp conflicts with the JPBL provincial championship and that some 15U athletes are playing up in the JPBL. Athletes who are on a JPBL roster of a team competing in the provincial, may apply for an exemption, which will be approved. Such athletes must attend the camp on the days following their club team's completion of the JPBL provincials.

Roster Size: 70 athletes (35 – U14 athletes & 35 – U15 athletes)
